SUMMARY

A highly motivated and adaptable Computer Science graduate with over 5 years of hands-on experience in web development, specializing in both vanilla PHP and the Laravel framework. Skilled in building dynamic, scalable, and secure web applications from the ground up, with a strong understanding of backend logic, RESTful API integration, and MVC architecture. In addition to development expertise, I bring solid experience in web design and UI/UX design. I am also proficient in graphic design and video editing, with excellent communication and multitasking abilities. Known for being a fast learner, effective team player, and always eager to embrace new technologies and challenges.

EXPERIENCES

PHP Developer – AMCA Auditing DMCC Dubai
January 2022 to Date

• Developed and maintained dynamic web applications using vanilla PHP and Laravel, following clean coding standards and MVC architecture.

• Integrated RESTful APIs, third-party services, and payment gateways into custom PHP-based platforms.

• Designed and implemented secure user authentication systems, including role-based access control and session management.

• Built reusable Laravel components (Controllers, Middleware, Models) for scalable and modular application development.

• Conducted thorough debugging and optimization of PHP code to enhance application performance and reduce load times.

• Created responsive and interactive UI layouts using HTML5, CSS3, JavaScript, and Bootstrap CSS, ensuring cross-device compatibility.

• Collaborated with clients and stakeholders to translate business requirements into intuitive UI/UX wireframes and prototypes.

• Optimized front-end performance and user journeys with a strong focus on accessibility (WCAG) and modern UI/UX principles.

• Designed admin dashboards and custom CMS systems using Laravel's Blade templating engine and jQuery/AJAX.

• Implemented form validation, data sanitization, and secure file uploads to meet web security best practices.

Education

Master of Science in Computer Science

Singhania University
Rajasthan, India.

2017 - 2019

Bachelor of Science in Information Technology

NIMS University Rajasthan,
India.

2015 - 2017

International Advanced Diploma in Computing

Informatics Academy Singapore
(JSIIT) Kazaure Campus.

2012 - 2015

Creative Designer – Valent Software Pvt. Ltd Jaipur India

June 2017 to July 2019

• Created visually engaging designs for marketing campaigns, including banners, posters, social media assets, and email templates using Adobe Photoshop and Illustrator.

• Produced high-quality video content for brand promotions, tutorials, and social media using Filmora, Camtasia, and other AI tools.

• Developed brand identity elements including logos, color schemes, and typography guides tailored to each client's market.

• Edited raw footage into compelling story-driven content, adding transitions, effects, music, and subtitles as needed.

• Designed promotional assets for both digital and print, maintaining brand consistency and visual appeal.

• Collaborated with marketing teams to align design and video work with overall campaign goals and timelines.
